

# OSPREY 162/172

A TRUE  
AMERICAN  
ORIGINAL

## For All You Do...The Osprey.

Salmon, bass, crabbing, walleye, sturgeon, bays, lakes, rivers...it doesn't matter, Smokercraft's Osprey answers the call of your favorite fishing pursuit. Designed to deliver exceptional performance at all speeds, the Osprey responds instantly to power and handles with uncommon sureness and ease. Wide, deep and solid, the Osprey provides a soft and extremely dry ride that features exclusive all welded construction and a long list of standard features that can't be matched by any other boat in its class. Like the fish box/livewell in the bow that's plenty big enough for a limit of 30 pound kings or any tournament limit you need to keep lively. With thoughtful details like toe-kick cutouts that provide security when netting a fish or working over the side of the boat, you know this boat's been built with you in mind. There are dozens of little things you'll appreciate trip-after-trip. Take a close look, enjoy the ride...you'll know in an instant this boat's for everything you do --- and everything you hope to do.
