

SPORTSMAN/KODIAK

1660, 1866 & 2072

Rugged. Smart. Always Ready.

At a glance, the Sportsman Series by Smokercraft is a no-nonsense all-welded open boat. Look closer and you'll find a serious sport and fishing machine that's ideally suited to shallow river jet boating, bass fishing, hunting, drifting for steelhead, trolling for salmon, a casting platform for trout or a cargo barge for an extended backcountry excursion. Ideal for either jet or prop outboards, it doesn't take much to power this shallow draft V-hull. The wide-open design affords ample interior space...something you'll appreciate when a fish is running you around the boat. The relative simplicity of the Sportsman is its greatest virtue. Strong, unobstructed and thoughtfully designed it has everything you need, like a built-in fuel tank and exactly what you don't need... a heavy price tag.

Full Length Tackle Trays
